

What is Operation Connect?

Operation Connect is a joint effort from the team of Eagan Hills Alliance Church, InfraSupport, Polycom Incorporated, and TDS Metrocom. We are proud to offer videoconference services to connect with US Troops serving in Iraq. Through family meetings and Sunday morning services, we bring loved ones serving their country in far away places a little closer to home.

Greg Scott, InfraSupport CTO summed it up, "It touches my heart to see these families connect with each other. Just to see that smile on a face far from home is a great reward. God seems to be blessing this effort all the time."

It's a privilege to offer our troops a small reminder of home.
